COURSE DESCRIPTION

Boundaries are the invisible line between the patient/ family and the healthcare provider. It is critical to establish boundaries early, reinforce them often, and know if and when to make an exception. How do we balance offering empathic clinical services while maintaining professional appropriate boundaries? Join us for practical talk on how to improve your boundary skills with family caregivers of older adults as a clinician and manager.

*This workshop is designed for intermediate and advanced level social workers & case managers who have practiced in counseling settings and/or with older adults.
